This contract is entered into by the Stud Dog Owner, Anita Crouse and the Bitch Owner(s), Linda Bingham.

## STUD FEE

- ( ) Paid up front before Breeding
- ( ) Paid as a deposit, with Balance to be paid upon Litter whelping
- ( ) Pick Puppy Male/ Female to be determined by Stud Dog Owner

The fee for this service is \$2000.00 + \$100 per puppy over 6. The amount of \$1000 is to be paid at the time of breeding as a deposit with the balance due upon the resulting Litter. Litter registration papers will not be signed unless Stud Fee and any associated veterinary or other agreed upon expenses are paid in full.

## OTHER CONSIDERATIONS: *(not applicable for this breeding)*

Stud Dog Owner reserves the right to take a puppy in lieu of a stud fee. Stud Dog Owner will choose said puppy at 7 weeks of age, before any puppies from said litter have left the bitch owner's residence, after examination of litter by Stud Dog Owners or his/her representative. Said puppy will carry the Stud Owner's kennel name as a prefix. Bitch Owner's theme, if specified, will be used to name said puppy.

**DEFINITION OF LITTER:**

A Litter, for the purposes of this Contract, is defined as a minimum of 2 puppies born alive. If Breeding does not take, a Repeat Breeding under the terms of this Contract will be given to the same Bitch on her next season. If the Bitch fails to conceive on the return service, this Contract is terminated. If other arrangements have not been made with the Stud Dog Owner and the Bitch is not bred on her next season, or is bred to another Stud Dog on her next season, the Deposit is forfeited and the Contract is null and void. If Litter results in only one puppy, and the Bitch Owner does not wish to repeat the Breeding, the deposit price paid prior to Breeding, plus expenses, will be considered payment for a one live puppy Litter and the Contract is fulfilled.

**STUD OWNER AGREES TO:**

- 1) Provide an AKC three-generation pedigree of the above-named Stud Dog;
- 2) Provide copies of any OFA or other clearances or testing results that have been performed on the Stud Dog (CERF within the last year, OFA Hips after dog is 24 months old);
- 3) Provide documentation of a current (within 10 days of breeding) clear **Brucellosis screening;**
- 4) Provide a copy of the AKC registration of Stud Dog with full status listed
- 5) Take proper care of the Bitch while in Stud Dog Owner's charge;
- 6) Sign Litter Registration promptly upon payment in Full of Stud Fee and any other outstanding balances related to this Breeding.

**BITCH must have the following requirements at time of breeding:**

- 1) Be in good health with a Negative Brucellosis test result within 30 days of breeding.
- 2) OFA certified hip clearances of Fair, Good or Excellent
- 3) Prcd-PRA gene test result of Normal/Clear or Clear by Parentage through Optigen.
- 4) ACVO/ECR certified eye clearance within a 12 month period.
- 5) Provide Stud owner with a complete 3 generation pedigree.
- 6) Bitch must have a sound and stable temperament in keeping with EMD Breed Standard.

**OTHER AGREEMENTS**

Bitch Owner is responsible for all testing done to the bitch prior to and during Breeding to assure the proper timing of said Breeding. If Stud Dog is able to perform naturally and for some reason the Bitch Owner asks for artificial insemination or the Bitch cannot be bred naturally, Bitch Owner is responsible for cost of said process. If Bitch Owner is not willing to pay for progesterone testing, smears or AI's this should be stated ahead of time and included in the contract initialed by both parties. If this is the case we will try our best to breed the dogs at the proper time but if no puppies result the deposit is forfeited and no repeat breeding is offered.

The cost of shipping Bitch to and from Stud dog is that of the Bitch Owner. Stud Dog Owner does not charge a boarding fee or pickup and delivery charge unless Bitch must stay for a longer period of time than what is usually necessary. Bitch Owner is responsible for the cost of Bitch's food, supplements and medication while in the care of the Stud Dog Owner. Bitch will be treated like one of the Stud Dog Owner's own animals when in the care of the Stud Dog Owner.

Bitch will be bred two to three times naturally or artificially depending on what the Stud Dog Owner's veterinarian feels is best to cover the entire breeding cycle. We will make every effort to cover the entire breeding cycle of the bitch.

No puppies resulting from the breeding may be sold to brokers, pet shops or puppy mills. Should this part of the contract be ignored Stud Dog Owner will pursue this clause in a court of law.

**Chilled Extended or Frozen Semen:**

If Bitch Owner elects to have fresh chilled or frozen semen shipped to the Bitch, the entire cost is that of the Bitch Owner. This fee is in addition to the Stud Fee. Litter papers will not be signed until the remainder of the Stud Fee and the entire cost of the Chilled/Frozen semen expenses are paid in full.

If breeding does not take, the Bitch Owner is still responsible for the cost of the Chilled/Frozen semen expenses. Further, if semen was drawn and arrived in good shape, and Bitch Owner does not wish to repeat the breeding, the original deposit will serve as the fee for the original breeding in addition to any out of pocket expenses related to the collection and shipment of fresh chilled or frozen semen the Stud Dog Owner has acquired, and this contract will be null and void.

By this Contract it is specifically agreed that the Stud Dog Owner is not obligated to sign the application for Litter Registration until, and unless, the Stud Fee and any other related financial arrangements have been paid in full, or, in the case of a puppy-back agreement (in lieu of Stud Fee), the Stud Dog Owner has taken possession of the puppy as previously agreed. I understand the above written Contract and agree to abide by all sections both typed and written. Both parties agree to all of the above agreements and terms.
